ABOUT THE SOCIETY

The Royal Geographical Society of Queensland promotes the study and science of Geography and encourages a greater understanding and enjoyment of the world around us.

The Society continues to offer and expand a vibrant program of activities and projects including:

- Monthly public lectures on topics of local, national and global significance;
- Day trips and longer treks both within Australia and overseas;
- Support for academic research, fieldwork and publications;
- Support for geographical education, in particular through the Australian Geography Competition;
- Special interest member groups in specific fields of geography and aspects of the Society;
- A library and archival collection which houses a significant collection of maps and publications.

BECOMING A MEMBER

Anyone who is interested in the world's natural and social environments will enjoy being a member of the Society. Members may attend free monthly lectures, take part in guided excursions, assist with geographical education and research projects, and use the Society's library of geographical books, magazines and maps. Members also receive a monthly newsletter.

JOIN ONLINE AT <https://rgsq.org.au/joinus>
